Good soil, growing faith

This week we read Mark 4:1–20. Jesus invites us to hear God’s Word, welcome it, and let it shape our lives.

Open the Bible. Read Mark 4:1–20 together. Ask, “What was different about the seed that landed in good soil?” Talk about the answer together. If you need a clue, read that part again.

Try it at home. Let your child name or sketch the four places the seeds landed. Choose one teaching of Jesus you know. Talk about something your family could do today because of it.

Around the table. When something Jesus says puzzles you, what could you do so you can understand and live it?

A prayer for our family. Jesus, help us welcome your Word and let it grow into loving actions.

Remember together. Mark 4:20
